TECHNICAL BULLETIN

Car Wash Soap Concentrate

Description

Key Soap is a medium viscosity, high-sudsing car wash concentrate that attacks and lifts road film so that it can be easily rinsed away.

Benefits

Key Soap is an excellent production grade car wash concentrate that has been formulated for use in large shops and wholesale operations such as dealerships and auto auctions. It is tough on road film with an effective lifting action that easily rinses away.

- ◆ Free-Rinsing
- ◆ Economical to Use
- ◆ Non-Caustic
- ◆ Biodegradable
- ◆ Pleasant Scent
- ◆ Quick and Effective at Dissolving Road Film
- ◆ High-Sudsing

Directions

- 1) For normal use: dilute Key Soap concentrate 2oz. per gallon of water
- 2) Rinse vehicle thoroughly with clean water to remove loose debris
- 3) Using a wash mitt or soft cloth, wash vehicle with soap solution and rinse
For optimum results, dilute with warm water

Sizes

Gallon, 5 Gallon
